

OFFICIAL RESPONSES TO VENDOR QUESTIONS

Forensic Psychiatrist/Psychologist for Multidisciplinary Team (RFA-2019-OCOM-01-MULTI)

No.	Question	Answer
1.	How many cases are typical in any given year?	There has not been a case requiring full review in four years. However, in 2013 and 2012 respectively, there were two and four full case reviews.
2.	What is the time commitment and work load as a member of the multidisciplinary team should a case arise?	<p>** All numbers provided here are estimates and not a guarantee of the actual time commitment.</p> <ul style="list-style-type: none"> • The review of electronic files prior to the team meeting is estimated to be a full day. • The case conference is estimated to be a full day, plus any travel time. • Writing the report is estimated to be one to two days. • Any court proceedings, including depositions, are too unpredictable to estimate but can be time consuming. • Our total time commitment per case is estimated at approximately four non-consecutive days, without court proceedings being included. • Since State Fiscal Year 2007, eleven (11) individuals were determined to meet the definition of "Sexually Violent Predators" by the Multidisciplinary Team. Presumably all eleven (11) resulted in a court hearing.
3.	Are there exceptions possible for the requirement for psychologists' doctoral degree coming from attending a program approved by the American Psychological Association? For example, if the school is APA accredited but the specific forensic track was not.	See Addendum #1 for an update to this requirement.
